District Website Updates

The district's website will move to a new platform during the month of September. In doing so, the district will continue on its path to improving digital access for those with disabilities, as required by Colorado law.

Please never hesitate to reach out should you have an issue accessing any material published by the district.

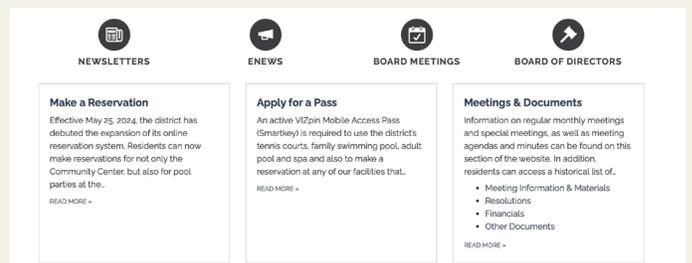

Anything related to digital accessibility can be directed to ada@stonegatenorthvillages.org and general inquiries can be sent to contact@stonegatenorthvillages.org.

While district residents will see a slightly different

look and feel, the basic architecture of the website will remain the same.

- Applying for a VIZpin Mobile Access Pass
- Reserving any of the district's recreational facilities
- Monthly meeting information
- District financials

Board of Directors: Updates and SDA Conference

Thanks to those who stepped forward to apply for board member positions. We look forward to making some official announcements and introductions soon.

In addition, several of the district's board and team members will be attending the upcoming SDA (Special District Association) Conference from September 10-12. The Special District Association is a statewide membership organization created in 1975 to serve the interests of the special district form of local government in Colorado. Special districts fill a vital role in providing many of the basic services and public needs of the people of Colorado, including fire and rescue services, water, sanitation, parks and recreation, hospitals, libraries and cemeteries. Metropolitan and Special Districts are units of local government authorized by Article-1 of Title-32 of the Colorado State Statutes.
